

Industry Driven Research Agenda for Compliance Management

Researchers from The University of Queensland are carrying out an ACI-endorsed study to develop a Compliance Management Research Agenda that aims to **address problems experienced by industry**.

Would you like to share your views on issues in Compliance Management and **help drive Compliance Management Research in the right direction?**

For more details please meet the research team at the ACI conference workshop on **Driving Compliance Through BPM**. 11.00AM Thursday 22 Nov, 2007, or contact:
